

The *Pit Stop*

SCCA Southern Indiana Region Monthly Newsletter August 2008 Volume 55 Number 8

August **RE**port

As I write this we are in the middle of the July/August autocross tour or so it seems. There are 3 autocross events behind us, including the first for the new Western KY Chapter of our region, and 3 more to go before the end of August.

The July 13th autocross turnout was light as only 28 drivers made runs. In the past our events have averaged over 35 but this year the average is just 27. Event Marshall Teresa Bailey laid out a nice course using all of the available concrete without rerunning any part. Tim Brown and Bob Sonntag continue to be the fastest drivers in their divisions. Tim beat Terry Davis by over 3 seconds in Street tire while Bob bested Tim Green by almost 2 and a-half seconds in Race tire. Three members from the Western KY Chapter made the long haul north. Andrew Murrell was third in the ES/STS class in his Miata. Jim Breidenbach was first in ASP in his 911 while Richard Hall was 12th in Street Tire his VW Bug. Mike Freeman made his first autocross of 2008 as did Matt Guzowski. Interestingly both drive VWs but from decidedly different eras. Mike has a late model GTi while Matt has a Formula Vee powered by a 1200 cc engine that was last put in VWs in 1965. The father and son team of Michael and Bryce Buente also made their first 2008 autocross. Lori Cannon was driving father Jim's newest autocross car, a recently crashed Miata that Jim had bought and fixed. Was this her first time in a standard transmission car? The next point event at Lawrenceville is August 3rd.

The following week at Lawrenceville we put on the Bowler Transmission Day at the drags autocross. I want to thank all those who journeyed to the Mid-American Air Center on a very hot day to help out with this event. A decent turn out of hot rods made all our effort worth while. For those of you that stood out on the course for 4 plus hours, thank you so much. Next year we will plan to have a mid event break so you all can rest and refresh. Mark Bowler has already asked us to do it again next year. Good job everyone. If you go to www.bowlertransmissions.com you can see pictures of the unique autocross trophies they made complete with cones and a steering wheel.

Our Western Kentucky chapter held its first event this past Sunday. Six SIR members, Don Kelley, Shelby Strobel, Barry Beaman, Bob Sonntag, Gene Young and I, journeyed to Murray Kentucky to help put on the event at the Murray state University stadium parking lot. The lot is a typical parking lot, longer than wide but Richard Hall did a good job coming up with a course that used most of the lot and was fun to drive. Unfortunately there were a lot of novice drivers and a lot of DNFs. Gene, Bob, Don and I did our best to help the new drivers with the course, watching the runs closely and offering advice after they finished. Gene even rode with a lot of them to help them out. When you see the results you'll notice some had more trouble than others. Good job by the WKY-SIR crew on their first autocross!

Coming on August 27th is a Solo Safety Steward class to be put on in conjunction with the Southern Illinois/Southern Indiana autocross on the same day. Craig Straub is going to put on the class in the terminal building. It will start at 9:30 sharp so get there on time. If you thought about becoming a SSS but haven't decided to do it think about this. An autocross cannot be held without a SSS. Our region has 4 SSS. At least one has to be present to hold an event and then the SSS cannot drive. If 2 SSS are present they can change up responsibility when one of them drives. There are any number of situations that might keep a SSS from driving during an event and we have been fortunate not to have been in any of those, yet. The more SSS we have the better off we'll be. If you have questions or concerns please talk to me or one of the board members. We'll be happy to answer your questions or concerns. You can sign up for the class at www.motorsportreg.com. Look at the first of 2 listings on august 27th.

The Street Survival event is beginning to come together. Gary Heck has rounded up some instructors, we've got a contract in hand for the use of Roberts Stadium and one of our newer members, Tom Alves, is also a BMW Car Club member and has been involved in a number of Street Survival events. I asked Tom to come to our next Board meeting and educate us about putting on a Street Survival event. Please circle October 18th on your calendar so you can volunteer to help us put on this event. If you want to know more about Street Survival go to www.streetsurvival.com.

Former club members Carrie and Chris Moore are coming back to the Evansville area. After spending a few years in Savannah GA they've decided to move back. Look for them at the August club meeting at the Log Inn in Warrenton IN.

And, because Scorpio's is closed, the August club meeting is at the Log Inn in Warrenton IN. Turn right at the light just after crossing under I-64 while going north on Rt41. The family style menu is always terrific and filling. Remember they don't take credit cards, only cash and checks.

Don't forget, registration for all events will be done on www.motorsportreg.com. You will have to setup an account with them much like you had to do on myautoevents.com. Once you are setup you can register for all our events.

So that's it for this month. Come out to our events, have a good time and enjoy your car.

Racingly,
Paul Dornburg, *Regional Executive*

The West Kentucky chapter ran our first event on July 27th with the help of Bob, Gene, Barry and Don. With the exemption of the heat it went well, I will work on the heat. We had six weekend members attend in addition to many first time autocrossing members.

The chapter is looking forward to the auto cross on the tenth of August that will be chaired by Chris Jensen. It will be held at Roy Steward Stadium. This will be our last event at this location until next summer. We are in the planning stages with the city of Mayfield and local businesses about a lot for future events. We are also planning a rallyx at the Calloway co. fair grounds in the late fall or early spring. Talks with the fair committee are in the first stages and are looking good.

Richard

Date	Day	Activity/Event	Event Marshal	Location
7.00	JULY			
7.08	Tuesday	Board Meeting (5:30 P.M.)	Paul	Lone Star Steakhouse, Evansville

Notes: The times reflect any 2 second penalty per pylon, the pylon count is shown in the penalty column.

In instances where there were would have been no times for the second set of runs because of DNS runs, times were created by adding 2 seconds to the competitor's slowest run time.

Where possible DNF runs show the raw time.

* Exhibition entrant -- no points actually awarded, only shown for reference.
