

## June REport

I'm writing this from a hotel near Akron Ohio after my 3<sup>rd</sup> day of contract work to The Goodyear Tire & Rubber Company. During the day I'm walking the hallways walked by all kinds of racing heroes. At every turn are autographed posters of Indy Car, Drag Racing, F1 and NASCAR drivers and there's all kinds of memorabilia in the building as well. Surprisingly most of the people I have met have no idea of the depth of involvement their company has in the racing business and it's history. I went to the Tech Center, code name for the plant where they build all the racing tires, to talk to the maintenance people about putting their equipment in the system so they can track their repair costs and create maintenance plans to keep things running. I felt like a kid in a candy store, but with no money. Dexter, the Maintenance Manager, said they were shipping every World of Outlaw tire that they've made, the demand is so good. He said he's really hard pressed to keep equipment running and needs a good system to track repairs and issue preventive maintenance work orders. That's where I come in. I'll help them get their data in the SAP system and teach them how to use it effectively. Maybe my work will keep the cost of the tires from going up. (one can always dream)

The first autocross of the season will be done when you get this. I hope there's a good turnout for the Memorial Weekend affair. We're running for points on Saturday and then hosting the Midwest Muscle Car Challenge autocross on Sunday. Look for the results in next month's newsletter.

Eight SCCA Southern Indiana region club members participated in a 14 hour Chump Car race at Nashville Super Speedway on the first Saturday in May. If you remember, that was the day central Tennessee was flooded by torrential rains. While it was raining cats and dogs we were trying to race. We managed to get a little over 3 hours in before sever weather stopped the event. We were herded into the media center which we were told was a better place to stay given the tornado warnings all around. We sat there for over an hour watching sideways rain along with constant TV programs covering the severity of the weather. At one time a weather person put up one of those projected tornado tracks and it was headed right for us. Thankfully, no tornados made it to the speedway and when the rain abated, somewhat, we were told that the race would be resumed in 2 weeks for 9 more hours. Wouldn't you know it, when we went back it rained again, only not quite as bad. Perhaps one of the club members who was at the race will be at the June club meeting to tell everyone about it.

I'm going to be absent from June's club meeting because of my work. Terry Davis will be handling the meeting chores and I'm sure he'll do fine.

That's it for this month. Our next meeting will be June 8<sup>th</sup> at the Lone Star Steakhouse in Evansville. Check our on-line calendar at <u>www.sirscca.org</u>.

Reporting from the Tire Capital of the World, Paul Dornburg Regional Executive

ate	Day	Activity/Event	Event Marshal	Location
5.00	MAY			
5.29	Saturday	Pt Autocross (1 of 7) - "Opening Bookend"		Mid-American Air Center, Lawrencevil
