August REport

We are in the middle of our autocross season and our rally program is on hiatus until the fall. The autocross points so far show Barry Beaman (2954 points) in first followed by Paul Dornburg (2936 points) and Bob Sonntag. (2931 points) Then it's a big gap to Ben Davis in 4th (2747 points) but just 4 more to Bryan Diehl in 5th. (2743 points) At the end of the year everyone's best 6 scores will be totaled to see who will be the 2010 autocross champion. See the list in total later in this paper.

Our first autocross had a good turnout of 41 drivers while events 2 and 3 had about 33 drivers show up. The results are in this paper.

In the last paper I said some club members would be going to Peru Indiana for a National Tour Event and perhaps one of us will bring home a trophy. No such luck. Bob Sonntag finished 3rd in B Modified behind the 2009 BM National Champion Clemens Burger and 2009 runner-up Daniel Stone. For Terry Davis and Paul Dornburg in Super Street Modified it was much the same story but with some equipment drama as the usually reliable Porsche exhibited ignition problems on Saturday almost stranding Terry on course during his second run. After a consulting phone call with Gene Young and a quick drive to a Kokomo AutoZone parts store, the 3 ignition modules were replaced in hopes of curing the problem. The car started right up but guit almost immediately. Wires were wiggled at the ignition module and the car started and ran until they were wiggled again when it quit. The wire bundle to the module was tied up and the car seemed to be happy. Sunday the car ran fine until the last of Paul's runs. Coming up to the far end U-turn he downshifted to second and rounded the corner. He ran the car up to the red line and shoved the gearshift lever towards 3rd but put it in 1st instead. When he let the clutch up he zinged the engine to umpteen RPM bending all the exhaust valves. Now he and Terry are even in the "shifting to the wrong gear" competition. However, while repairing the engine he changed out the close ratio gears in the transmission for the stock gears so there will be no more shifting for them after the 1st to 2nd up shift. No more missed shifts, just a learning curve as they get used to just steering.

The Bowler "Day at the Strip" autocross went smoothly except for one instance at the sign in gate but you'll need to be at the club meeting to find out about that. Bob Sonntag, Jim and Darlene Cannon and I went to Lawrenceville Friday night to set up the course so it would be ready early Saturday morning.

On Saturday morning enough people showed up to work the event but we sure could have used more. Really BIG THANKS to Jane, Julie, Mitch, Gene, Ernie, Jim, Darlene, Jeremy, Duane, Mike, Bob and Terry. It was a <u>hot</u> day that tested everyone's staying power. I don't know how Julie managed a 5k run before working all day in that heat but my hat is off to her and everyone else. If anyone had stayed after we packed up they would have been treated to a cacklefest as numerous drag cars were fired up in place. A Top Fuel dragster made the most noise by far giving anyone present some sense of what a modern day fuel car sounds like. And you missed out on a grand feast put on by the Bowler Transmission group. It was a fun way to end the day.

That's it for this month. Our next club member meeting will be August 10th at the Log Inn in Warrenton Indiana. It's a family style feast and the restaurant does not accept credit cards so bring cash. Check our on-line calendar at www.sirscca.org for our club events. Racingly, Paul Dornburg Regional Executive

SIR/SCCA Bonus Program

August 5, 2010

Program Description

Those who work a qualifying activity (patch parties, Muscle Car Challenges, Power Tours, "Days at the Strip," etc) are entitled to one extra run in each heat of an SIR/SCCA autocross. These "bonus runs" are scored and count like any other run. The expected result is that those that have worked any of the qualifying events will have eight (8) runs in a typical autocross and those that have not qualified for the bonus program will have only six (6).

Who's Eligible?

All event participants are eligible. SIR or SCCA membership is not required.

Who's Qualified?

Notes: The times reflect any 2 second penalty per pylon; the pylon count is shown in the penalty column.

In instances where there were would have been no times for the second set of runs because of DNS runs, times were created by adding 2 seconds to the competitor's slowest run time.

Where possible DNF runs show the raw time.
