

SCCA Southern Indiana Region Monthly Newsletter June 2012 Volume 59 Number 6

June REport

This year seems to be clicking by as quickly as the thousandths digits on the rally odometer during a CAST 65 segment. May was a quite busy month. We did a T/S/D rally, held our membership meeting in a famous Owensboro eatery, ran our first 2012 autocross, and we helped out with the Mid-West Muscle Car Challenge on Memorial Day weekend. It was as full as we dare make May.

In this issue of <u>Pit Stop</u> you should find results from the "Simple Trouble" rally. It turned out to be just that. Still, I think all five cars had a good time on some great roads. Also in this issue are the results of our first autocross. Ernie Roales made use of a new segment of autocross course and threw in a TIGHT 180 degree turn where we had never had one before. I used to think that a tight 180 was 5 squares wide at the Mid-American Air Center. Turns out it's like four wide with three cranks on the wheel. A look at the autocross points shows that this year we are off to a very competitive year.

Also in May, we saw the return of Jeff Jackson and Don Kelley. Don made it to three activities, and Jeff brought his GT3 out for its first event with us. I hope more of our "lost" members can find their way to play cars with us again.

Memorial Day weekend began with five of us setting up an autocross course on Friday afternoon. Paul Dornburg, Ernie Roales, Jay Wolf, Raj Shah, and I set up a course and blew it clean in about two hours. (The new walk-behind blower is a wonderful help! It does a heck of a job quickly.) On Saturday and Sunday Ernie Roales, Jim Cannon, Jay Wolf, Kevin Smalley, Steve Backer, Duane Duke, Jeremy Duke, and I were the experienced crew that with kept the autocrossing moving along smoothly and quickly. Terry Davis helped out on Saturday and Barry Beaman on Sunday.

James "Jimmy" Wooldridge who autocrossed with us before university studies took him away came out to help too. I was sure I'd seen him early in the morning but then he disappeared. Turns out Jimmy had been directed to the Mid-American Air Center road course. I think they had one worker for about every mile of track. By the end of the day, Jimmy let on that he'd been provided with shade and cold drinks. I kept waiting for Jimmy to share that there was an over-stuffed chair for his use too. Jimmy joined the autocross labor force on Sunday afternoon, so he didn't have it too easy all weekend long.

By then end of the event, 25 cars had taken to either the Saturday course or the Sunday one. At least two cars installed a second set of tires to complete the weekend. Some 808 timed autocross runs were completed. No car that started a run took fewer than two. On Saturday, the high run count for a single car was 34 runs with an average run count just over 14. The Sunday peak was 42 runs and the average number of runs was just shy of 16. The autocross action stopped at 2:30 Sunday so the cars could compete in the stop challenge. We made use of the shorter day to offer our course workers a look at an autocross course from inside the car. Most had never experienced an autocross before getting to chase cones. They did a super job of keeping up with cars running about every 20 seconds.

Most of our members that helped, shared two of their three weekend days with the club. That was wonderful. On behalf of the whole club, I thank each of you that helped for sharing your time and energy and so much of your Memorial Day weekend. You helped make it a very successful fund raiser for the club.

Our next "with car" event is Kevin Smalley's autocross on June 24. It will be at the Mid-American Air Center in Lawrenceville. Come see what fun Kevin will have for us. He has shared that his car is more fun when the revs are up, so I'm expecting something that will keep us rolling along in his design.

Unfortunately, the Ice Cream Rally scheduled for June 3rd has melted away. Why is it so difficult to have an ice cream event in the summer? Okay, it's a bit riDQulous to call Dairy Queen ice cream, but still you know what I mean.

Our next activity is the membership meeting, on Tuesday, June12th, at Ri Ra's Irish Pub in Evansville. Meeting highlights may include a report or three from the Kentucky Spirits on their first trip to the Daytona International Speedway. Perhaps they will explain what makes that domestic US track "international."

Remember to never really grow up - just learn how to act in public.

See you at Ri Ra's.

Paul's Parts

The first autocross is done and the 911 is back in the garage for more work. A bracket is being added to the strut to reinforce the steering arm. After the strut modifications were done the bump steer was terrible. I added a 2.5" spacer to the 1.25" that was already there and I had to use a 6" bolt to hold it all together. After Gene called and said he thought he saw a lot of movement in the front wheels I decided to add the brace. I also bought new bushings for the front control arm to free it up along with new rear spring plate bushings. Installation is coming along nicely. Now I just have to get it all back together before the next autocross.

The KY Spirits Chumpcar team went to Daytona to race on Memorial Day weekend. Perhaps they will be at Ri Ra's to relate their experience. The team is made up of 10 SIR members so there should be lots of stories.

Notes: The times reflect any 2 second penalty per pylon; the pylon count is shown in the penalty column.

In instances where there were would have been no times for the second set of runs because of DNS

runs, times were created by adding 2 seconds to the competitor's slowest run time.

Where possible, DNF runs show the raw time.

B: Driver in SIR/SCCA bonus program. The driver's best three of four runs of each heat are shown in these results.

T: Trophy winner.

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 100 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for the automotive enthusiast. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train the drivers and workers and various degrees of licenses are awarded based on knowledge, ability and experience.

Pit Stop is the official publication of the Southern Indiana Region of the Sports Car Club of America, Inc. and is published monthly at PO Box 1112, Evansville, IN 47706.
