

The Pit Stop

SCCA Southern Indiana Region Monthly Newsletter September 2020 Volume 67 Number 9 COVID-19 Edition

Please, please read! If you are interested in competing in our SIR events or in bringing observers to an event, you should know that our registration procedure and event guidelines have changed. These changes have been made to minimize or eliminate close personal interactions that were accepted before COVID-19 and to agree with the state of Illinois, Indiana, and Kentucky guidelines.

You **must** pre-register online through MotorsportReg.com and you should follow our COVID-19 guidelines to compete. <http://www.sirscca.org/covid-19-solo-events/>

We are trying to inform our membership of these changes, but participation has not been encouraging. We have been reviewing these details on our website, in our membership meetings, and in Zoom conference meetings. Unfortunately, most of the participants have been board members, who are already aware of these change details and are already prepared to register and follow the new guidelines.

Please take advantage of these informational offerings to become informed and prepared. We do not want to turn anyone away, but there will be no exceptions to the online pre-registration policy.

September RE Report

I can't say that this year has flown by for the Southern Indiana Region. We have worked extremely hard on many projects and put in a lot of hours to keep things moving. The good news is that, after a starting delay, we are successfully managing both rally and autocross events. The bad news is that we are missing some regular members at these events. Given the COVID-19 threat and concerns for self and family, we are seeing more entrants than I expected. We will continue to focus on safety, and we will carry many of the changed procedures into the future.

It has been a long year. It is also my 7th year as an SCCA regional executive. (4 with the Southern Indiana Region and 3 with the Pan American Region in El Paso). I will not repeat as RE next year. My consulting business has picked up and volunteer work will leave this 3-time retiree little time for more than autocross, rally's, and "honey-do's". As you begin thinking and talking about the SIR officers' nominations in October and the election of officers in November, please think about who you would like to serve in that and other positions.

Even though our rally and autocross seasons got off to a late start, the event managers and rally masters have done an outstanding job and these events have been some of the best events I can remember. We ran Paul Dornburg's autocross on Sunday that was approximately 1 mile in length with a 60-mph slalom, 180 degree turns and nice, fast sweepers. It was great! Our COVID-19 changes and a previous day's course set-up activities allowed nearly 40 drivers to have 8 runs each and still get back to Evansville long before dark. We are following the COVID-19 safety guidelines and having lots of fun. Come join us if you can.

By the time you read this, Sunday's rally will be completed, but there are more planned. I'm teaming up with Bob Rothermel for Terry Davis' rally on Sunday. Each rally team requires two people. We can help arrange teams if you find yourself without partner. Each team will have to decide how they will deal with social distancing, masks, etc. The rally's are now run primarily with the Richta app. I like this. Participants see their results at the time they pass each check point. If you're running slower or faster than you should run, you will see this and may adjust. Don't forget to check our SIR calendar for the next rally and autocross events.

We will plan on another Zoom meeting for our next membership meeting on September 15, at 7:00 PM. The meeting invitation link and password will be sent to our SIR e-mail distribution two days beforehand. Smitty's is open with social distancing guidelines in place. Several of our members plan to attend our meeting from Smitty's. Please contact me at re@sirscca.org if you do not receive the Zoom invitation.

In case you don't know registration for all events will be done on www.motorsportreg.com, no exceptions

One will need to set up an account on MSR with your SCCA information as well as some other data. Registration closing date will be in the description of each event on MSR. One will enter payment information but will not be charged until after the event. That way if you are unable to get to the event, we will not have to process a refund. If you already have an account, make sure you update the "region of record" field with our region.

At autocrosses we have loaner helmets, but we only have 7 helmets. Helmets will be loaned on a first come first serve basis. We strongly suggest you purchase your own helmet to avoid contamination issues or that you find out too late that the helmets have been spoken for. The guidelines for helmet certification can be found here on the SCCA website:

<https://www.scca.com/downloads/48190-2020-solo-helmet-certification-labels-2019-11-08/download> It will download the helmet certification chart.

If you do borrow a helmet for an event you will not share it with anyone else and you will disinfect it after returning it. We will have disinfectant on site. You should know your helmet size and that can be found by googling "helmet sizing chart" and reading the chart.

We strongly suggest that SCCA members fill out an annual waiver form. Download this form IN COLOR and bring it to the event. <https://www.scca.com/downloads/14418-scca-adult-annual-waiver-1306-01-16/download> We will take the form and submit it to the SCCA and they will issue a hard card for the year. You must have a headshot in your SCCA profile for the hard card to be issued so make sure you have created your account and have uploaded a picture to your profile.

Also note that time schedules may change for events. In some cases, entry to the autocross site will only be for a limited period.

Read all the information on this page. <https://www.scca.com/pages/autocross> like "What is an autocross" and "How do I autocross".

The club hopes you will bear with us in this time of uncertainty. We will do all we can to make it a safe so you can have fun with cars.

August 23rd was points autocross #4 for 2020. Paul Dornburg was the course designer. He designed a course with a start that would take away some of the advantage of launch control that is prevalent on the newer cars. He also had long open slaloms that would help the bigger cars but also help the more agile cars. 37 competitors showed up to try the course and see if they could improve over their last event results. Here's a quick analysis of the 16 drivers that have been at every event this year. It is their average points total after 4 events minus their average points total after 3 events. It looks like most everyone improved. No improvement, P. Dornburg (0) Improvement: J. Crowe +4, B. Beaman +2, D. Lehrschaal +9, E. Roales +1, J. McCarthy +6, M. Crowe +5, J. Jackson +14, S. Campbell +4, D. Graham +5, D. Gerth +15 and C. Dornburg +32
No improvement: D. Kelley -3, S. Backer -1, J. Cannon -5, A. Davis -1 The class results are on the next page. AX points are on page 5 and our website.

Notes: The times reflect any 2 second penalty per pylon; the pylon count is shown in the penalty column.

In instances where there were would have been no times for the second set of runs because of DNF/DNS runs, times were created by adding 2 non-indexed seconds to the competitor's slowest run time.

Where possible, DNF runs show the raw time.

Class results are by single best run. Autocross points are by indexing the combined best first heat run and the best second heat run.

B: Driver in SIR/SCCA bonus program. The driver's best three of four runs of each heat are shown in these results.

T: Trophy winner.

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for the automotive enthusiast. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train the drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
