SCCA Southern Indiana Region Monthly Newsletter November 2021 Volume 68 Number 11

## November RE Report

We have one of our most important events coming up. It is our November 9<sup>th</sup> Southern Indiana Region membership meeting. This meeting presents an opportunity for our membership to elect next year's SIR Board. We have sent out ballots to our membership. Please mail your ballot so we have it in our mailbox by the membership meeting because only those ballots received before our November 9<sup>th</sup> meeting will be counted. The ballots include a listing of the October nominated Board candidates. Please review these options and vote for your choice or write in your choice for SIR Officers.

Our SIR motorsports events season is winding down. Our Points Autocrosses have come to an end. Our winners this year are as follows: Paul Dornburg 1<sup>st</sup>, Jonathan (Jr.) Crowe 2<sup>nd</sup>, and Jon Schwartz 3<sup>rd</sup>. Congratulations to the winners and way to drive!!!!

However, the season is not finished. We still have lots going on. Carolyn Dornburg's Windy Hollow Adventure Rally is coming up on November 7<sup>th</sup>. It will begin at the Windy Hollow Restaurant, 8260 KY-81 Owensboro, KY 42301. Come early for a great breakfast. Registration and Tech Inspection will open at 12:00 PM Central with the first car off at about 1:00 PM.

Additionally, if the weather cooperates, we should have one last Autocross to finish the season. This year's Roberts Park Fun Autocross is planned for Sunday, November 28<sup>th</sup>. This event always attracts a lot of local competitors. The course will be shorter than our MAAC courses, but it is always a challenging technical course. The limited amount of paved surface means that we will only have room for street cars and no trailered cars. We will start a little earlier to ensure we have plenty of daylight for the later runs. Course setup will begin at 7:00 AM, Tech and Registration at 8:00 AM, and the Drivers Meeting at 10:00 AM. We should finish around 4:00 PM. (All times are Central).

Our next SIR board meeting is scheduled for November 2<sup>nd</sup>. You are always invited to attend our SIR board meetings and to contact the board to let us know how we can improve your Southern Indiana Region. We are here for you, our membership!

The November 9<sup>th</sup> membership meeting will be held via ZOOM and if you want a face-to-face experience join our members at Smitty's. The ZOOM meeting will commence around 6:30 pm for a half hour of socializing while those who go to Smitty's should get there by 5:45 pm so one can get their meal ordered and eaten before the meeting officially starts at 7:00 pm.

- **By Laws** - No changes recommended
- **Automatic Electronic Defibrillator** - Airport manager Kurt is willing to provide a place for one but the airport board is not willing to pay for it. Ernie is exploring grants for the club.
- **Nominations for the Indian Award** - no action now
- **2021 Awards Banquet** - A motion was made by Mackenzi to postpone the banquet. The motion was seconded by Dave. The Board voted to carry the motion, so the banquet is postponed until further notice.
- **Competition Regulations** - Bob distributed copies of Comp Regs via email with changes. There was a little discussion so the item was tabled until all can review the document. Members should report back by next Wednesday, 10/13/2021.
- **Thanksgiving fun autocross** - This event is highly weather dependent. It will be set up in MSR and all will be warned that it must be at least mid-40's and sunny for this event to take place. Organizers will make the final call on the Thursday or Friday before the event.

### **New Business**

- Paul has a preliminary 2022 schedule and will email it to the Board.
- The glider club approached Bob regarding clearance for a glider with 60-foot wingspan. We need a better marking of the buffer zone. Perhaps a painted line? This would eliminate the need to mark the buffer zone with cones. Bob made a motion to allocate \$75 for paint but it died for lack of a second. The consensus is to cooperate with Glider Club and Airport on this matter.

- Rally points are awarded as described in the Competition Regulations.
- Autocross points are determined by adding a driver's single quickest run from each heat, then multiplying that total by the car's class index number. That resulting number is compared to the driver that establishes the quickest total by dividing the quickest indexed total by the driver's indexed total, times 1000. The quickest driver gets 1000 points.
- Autocross class points are determined by a driver's single quickest run of the day.
- Rookie points are calculated by the number of points earned divided by the number of points available during the June to November period of the entrants Rookie year.

# SPORTS CAR CLUB OF AMERICA

## SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for the automotive enthusiast. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. To successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train the drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
