March RE Report

Just when you think the cold is gone for the season you get hit with low's again in the 20's. That's ok, because we have plenty of events coming up fast, and this cold weather can't last forever. We have meetings, patch parties, and rallies just to name a few. The cabin fever rally has already come and gone, but the first championship rally is coming up March 9th. This is the perfect time to start your journey to a championship, because you can't win if you aren't playing.

If you're planning to do any autocross events this year you should consider the patch parties that begin mid-March at MAAC. Working these events will earn you valuable bonus runs during the racing season. Nobody out there can say they that one of their best runs wasn't a bonus run. We have event results decided on bonus runs sometimes. If nationals offered them, I wonder how many would travel to Lincoln to patch the track????

We have a board meeting coming up March 4th followed by a membership meeting on March 11th and you're all invited. I would love to see all of you there. We are getting close enough to the season some of the friendly banter I am sure will be on display.

Folks can start signing up for all of our events on MSR. Don't delay, sign up today!!

TLDR

- GET AN ANNUAL **WAIVER!!!** You can apply for your 2025 annual waiver now! See Bob's instructions below. 38 members have their 2025 waiver, 3 more than last month!
- Solo Safety Steward Training is available online. Follow this link: **[Solo Safety Steward Training](#)** and sign up. We always need Solo Safety Stewards. At some autocrosses last year, we only had 2 available SSS. We need more!
- On our website, sirscca.org, clicking on the red **[Calendar](#)** icon at the top of the page will take you to a page that has all our competition events listed with an icon that will take you to the registration site, MotorSportReg.com.
- The cost for us to put on event has increased slightly but our entry fees have not.

Annual Waivers

The SIR BoD encourages each SCCA member to get his or her free annual waiver. To help "motivate" SIR members to do that, we charge SIR members using an event SpeedWaiver an extra \$5. We have also stopped using the paper event waiver.

Here's the step-by-step process in a slightly different form than is typically at the end of each edition of Pit Stop.

- 1) Have a reasonable picture of your face ready to upload from the device you use to get your annual waiver. Your full face must be visible. No helmet, no dark glasses, no mask, etc.
- 2) Log into my.scca.com.
- 3) On a PC, mouse over the "Online Store" on the menu line. It's two in from the right.
On a smart phone, expand the menu, then expand the "Online Store" option. It's two up from the bottom of the list.
- 4) Select the "License & Waivers" option.
- 5) Add the "Annual Waiver Adult" option to the cart.
- 6) Follow the instructions on the screen AND remember to follow through on the checkout process.
 - o I'da listed those steps too but I can't get a second annual waiver. (Sorry.)
- 7) There is a "real-person" review (mostly to check pictures) that happens in the SCCA office. If you've completed your side of the process outside of SCCA office hours, there will be at least a day's delay in the issuance of the annual waiver. There are no annual waivers left in a pre-review state by the end of business on Fridays.

This also seems like a good time mention that the SCCA Minor Event waiver is now available only online and requires support from the SCCA staff. Thus, there is no way to get a minor waiver on a weekend. Plan accordingly. The process begins with steps 1 through 4 above.

Purple highlighting calls out perfect checkpoint scores.

Green highlighting calls out the first checkpoint after a Restart.

- The Cabin Fever Vaccine Drive included some additional competitors.
- Most Zeros in Checkpoint Scores:
 - 0.0 counts as two
 - X.0 counts as one
 - X0.0 counts as two
 - X00.0 counts as three
 - Team Roales (13) bettered Team Cannon (12)
 - Quietest Completion:
 - Unannounced competition.
 - The only way to shorten the route time without a checkpoint score penalty was to spend less time in Free Zones.
 - Team Roales by 2:07 -- Team Roales had 1:52:23 vs Team Cannon's 1:54:30.
 - Best Average Score Guess:
 - Team Roales guessed 9 seconds. Averaged 1.55 per checkpoint.
 - Team Cannon guessed 23 seconds. Averaged 2.25 per checkpoint.
 - Team Roales error of 7.44 bettered Team Cannon's of 21.75.
 - Scoring team rejected Team Cannon's attempt to get a time zone phase shift required a corresponding decimal shift to their average guess and thus their "true" error is 2.18. ()

Notes from the Director's Chair Area 4 Director Update for March 2025

I apologize for the delay, but I wanted to write this update after our divisional convention. And what a convention it was. About 125 of us met in Fort Wayne last weekend. Several (11?) folks from the National Office joined us to discuss our competition programs and help us host better events for our members and guests. There were panels on all sorts of topics and each was well attended. Your GLDiv BoD deserves all the credit for organizing such a fantastic meeting. That said, singular praise must go to Val McCammon as, once again, she herded the cats which allowed the gathering to be very informative.

When next year's event rolls around, I hope every member considers attending the convention. Yes, regional leaders and event coordinators learn about strategies and best practices for hosting better events, but a member who isn't on the "inside" can learn so much about how the process works and who the players are at all levels.....national, divisional and regional.

I will let you know that the GLDiv BoD is already working on the event, and its date will be published soon. Here's what I did since my last report.....

Video Conference Meetings:

- Club Racing Board (CRB) (2/4): The group discussed topics for the agenda at our face to face meeting in Kansas City in April. Details about a tire testing program were considered. We also worked on making sure we collected data from the Hoosier Super Tour (HST) events. This will allow for a more effective balance of performance. The results of all of the CRB rules changes can be seen [here](#).
- Electrified Vehicle Advisory Committee (EVAC) (2/12): The committee worked on our outreach for the next quarter. We also discussed the Electric Touring (ET) spec lines that the Touring Advisory Committee (TAC) is working on.
- Board of Directors (2/24): The group hear a report from Mike Cobb and Heyward Wagner about the tragic events out in California that resulted in the death of an SCCA member while participating at a Solo event. As for the financial report, the club finished the year very strongly and showed a good profit for the year. Expenses were down while memberships, licenses and sanction fees were up. We have hired a new IT guy to help augment our team. We also hired a new Assistant Road Racing Manager. We are also looking for a replacement for Jeff Dahnert. He will be retiring soon and will be sorely missed.

=====

Be sure and visit the [GLDiv website](#) for information about all of the SCCA programs within the division. We have schedules, official's contact info, standings, etc. for all the SCCA programs.

Please take a few minutes and make sure your contact information is accurate in the SCCA database. It's important to have the correct information there so the club knows how to contact you. Log in to your my.scca.com page and check.

There is a new path to getting your annual waiver. You can now get it through the Member Account Portal (MAP). Follow this [link](#) to get the instructions. There is also a story about the program [here](#). I've done it and it only takes a couple of minutes. Be prepared to upload a headshot picture of yourself.

Thank you for your time and I look forward to hearing from you soon. Please feel free to contact me with any questions or comments you may have about any facet of the GLDiv. I want you to make the most of your membership and I will help out in any way possible to make that happen.

Winter Activities:

Gang,

SIR members showed up in full force today for round 2 at the Fastest Lap! We were able to fill all 8 sim rigs during the noon time slot. Having just finished up our last winter sim-racing event, I hope those of us who were brave enough to face the challenge that is Laguna Seca in a GT4 race car had as great of a time as I did. Those motion rigs sure add to the realism of iRacing, as if it weren't pretty darn close all by itself. Anyway, I wasn't able to get as much info as I did last time out, such as qualifying results, as the owner didn't give me the keyboard this time! I was, however, able to manage to get the race results from the stewarding computer.

If there is enough interest, perhaps we could manage to keep it going a few more times a year, because it is good, cheap seat time, and a whole bunch of fun!

Congratulations to Jarrod Davis as the winner of both sim racing events this year! Nice job!

See the attached results sheet

See you all soon,

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for automotive enthusiasts. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
