January RE Report

Santa, I would like a new set of Bridgestone tires, the new version not the old ones from last year. I would also like some new shocks, stronger end links, and if there is time an alignment. Better yet just bring me a Supra and we will call it even.....wait this is the wrong letter. LOL!

I hope everyone had a magical holiday season and an even better new year. We accomplished many things this year in the club, and I hope we can surpass that in the 2026 season. Our Christmas banquet this year was a hit for sure. I feel like it was a great time had by all. We learned a few things this year as a result; Ernie is the best-looking secretary I have ever had, Bob is the ultimate money man, and Carolyn is not fond of Paul in a hat. I really hope we have that much fun in 2026 I had a blast.

We have talked about trying a few new things this coming season with patch parties, running at some events in other areas, and reviving the women's network within our club. We of course have all the BOD meetings and membership meetings coming soon. We would love you to attend so we can focus on what the membership would like to see in the future. This club only continues because of our great members and their participation in our events. Everyone has new year's resolutions, maybe one could be coming to an extra event or two.

Thanks to everyone again for the great 2025 season on and off track and I am excited to see what happens in 2026.

TLDR

- Solo Safety Steward Training is available online. Follow this link: [Solo Safety Steward Training](#) and sign up. We always need Solo Safety Stewards. At some autocrosses last year, we only had 2 available SSS. We need more!
- Solo Course Designer Training is now available. In 2026 you will need to complete this course in order to design an autocross course. More information here: [SCCA Course Design](#)
- On our website, sirscca.org, clicking on the red [Calendar](#) icon at the top of the page will take you to a page that has all our competition events listed with an icon that will take you to the registration site, MotorSportReg.com.
- If you are ordering anything from the Tire Rack, go to this [page](#) and click on the Tire Rack link. We get a commission on every sale that comes from our page when you start with the link on that page. It's free money to the club!
- SPS is a company in St. Louis that supports the autocross community. Check out their lines of products [here](#). Just don't buy tires from them because they will get the commission not us.
- There's an excellent article about filters on YouTube. You can find it [here](#).
- Check out this page of autocross stats. [Autocrossdigits.com](#) It also has the 2026 PAX numbers for you to weep over.
- Here's a link to pictures from the Awards Banquet. [2025 SIR Awards Banquet](#)
- How about our RE, Jr. Crowe, winning 3 trophy classes in 2026?! Can he repeat it in 2026?

SIM Racing

Hey everyone! A few of us are going to do a little group racing session at Fastest Lap on Sunday, January 11th at 12pm CT and would love to have more people! You will need to book your time from this link here> <https://www.myfastestlap.com/booking> - **Choose January 11th, at Noon CT, and at least the 1 hour session.** They will fill up fast, as they only have 8 simulators. You do not have to pay until the day of, after your session is over. Please email me/Jon if you book a session, just so we know who will be showing up! Book now, don't wait! If for some reason that time slot fills, choose the next closest time option.

Depending on turnout, we usually do a practice session, qualifying session, and then a short race. Tons of cars to choose from.. Miatas, GT3, LMDH, Formula, NASCAR, Sprint Cars, you name it. Last time we did the GT3 cars, but we don't have to decide on that until we get there.

Fastest Lap is a sim racing arcade with very immersive driving simulators. They are located at 941 N Park Dr, Evansville, IN 47710. They are very heavy duty and expensive simulators, so you will feel the forces of the car, the wind (yes, WIND), and you'll be moving around on a platform. (They can turn it off if you don't like it/can't handle it). You are more than welcome to book as many sessions as you want. I will personally be doing the 2 hour session. Hope to see you there!

Dear Bob Sonntag and Southern Indiana Region Sports Car Club of America,

On behalf of the Lawrenceville-Vincennes Airport Development Foundation, Inc., I would like to thank you for your generous donation. Your donation helps fund airport projects that are not funded by federal or state grants.

We cherish our relationship with the Southern Indiana Region Sports Car Club of America and look forward to many more years of it. Thank you again for your thoughtful donation.

Warmest regards,

Devon Hill

Assistant Airport Manager

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for automotive enthusiasts. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
