February RE Report

I am not sure how I feel about global warming. I think around the Tri-State we have been in a global cooling. Seems like it hasn't been above freezing forever. Maybe I should get rid of my dogs and get some penguins.

We have plenty of things planned this upcoming season to warm us back up. I know we have a karting event planned for Feb 15th in French Lick, Indiana. Email Jarrod Davis for full details. (thejrod12399@gmail.com)

We also have our monthly meetings that anyone can attend on the second Tuesday of every month.

The Patch Party signups are now on MSR. If you are an SIR member and want to be on the autocross bonus run program (extra runs) you will need to sign up and work to acquire those runs.

We have also changed our entry fees for the 2026 season so be on the lookout for those changes. We had to increase them a little to cover the cost for the fabulous CLOKKR autocross timing system we are using now and the other fees that always seem to be going up.

Reminder if you ever want to design an autocross course you will need to be certified through the SCCA. You can get all the detail online @SCCA.com.

Lastly annual waivers are available through myscca.com. We should all get them as it makes things so much easier at our events. It's totally free to get it so why wait? If you don't have one, we will charge you an extra \$5.00.

I hope everyone has stayed safe and warm so far through this winter season, but I am ready to get back out there and have some competition.

Jr.

TLDR

- Solo Safety Steward Training is available online. Follow this link: [Solo Safety Steward Training](#) and sign up. We always need Solo Safety Stewards. At some autocrosses last year, we only had 2 available SSS. We need more!
 - Solo Course Designer Training is now available. In 2026 you will need to complete this course in order to design an autocross course. More information here: [SCCA Course Design](#)
 - On our website, sirscca.org, clicking on the red [Calendar](#) icon at the top of the page will take you to a page that has all our competition events listed with an icon that will take you to the registration site, MotorSportReg.com.
 - If you are ordering anything from the Tire Rack, go to this [page](#) and click on the Tire Rack link. We get a commission on every sale that comes from our page when you start with the link on that page. It's free money to the club!
 - SPS is a company in St. Louis that supports the autocross community. Check out their lines of products [here](#). Just don't buy tires from them because they will get the commission not us.
 - There's an excellent article about filters on YouTube. You can find it [here](#).

French Lick Karting

Hello everyone! We are going to get together for another winter event, but this time at French Lick Indoor Karting! We are BOOKED for Sunday, February 15th with arrival time at 10:30 EST. The price is \$55 per person, due at arrival. PLEASE contact me if you are planning to go, I have to follow up with them before the 15th with our final number. It will only be our group on the track, no random walk-ins joining our races.

If we for some reason can't get 8 people, it will be 3 regular time trial races, fastest lap wins. If we can get 8 people, we will do a sprint race format which is a 5-lap qualifier, 10 lap heat, and then 15 lap race, scored in the order that you finish. If we go over 10+ people, we'll have to upgrade to the Grand Prix race and may have to do more than one heat, not a big deal, just more racing! This isn't an "SIR Exclusive" event, so bring family/friends if you'd like! (Ages 14+ for OUR races.) There is a pretty nice arcade as well for the younger kids if you bring the whole family!

Their address is: 8331 IN-56, West Baden Springs, IN 47469

If you've never been there before, here is a YouTube video their current track and kart setup! [French Lick Karts](#)

They aren't that bumpy, but they will give your upper body a huge workout! Let me know if you have any questions!

2026 Entry Fees & Weekend Memberships

by Bob Sonntag

For those that read meeting minutes or attended the January membership meeting this will be old news and for the rest, it's news.

After much board discussion over at least two SIR BoD meetings, the 2026 entry fees have been raised slightly and the autocross entry fee expanded.

Starting with the simplest case first, the Weekend Membership fee has been raised from \$20 to \$25. The SCCA has raised the amount regions are invoiced for each Weekend Membership by \$5. SIR passing that along to Weekend Memberships at autocross events and for those drivers in our rally events using Weekend Memberships.

The region will continue to pay for needed Weekend Memberships for navigators in our rally events.

A free one-time-only Trial Membership is available to those that would like to experience an SCCA event from within a vehicle on course. For autocross events, that's riding along as a passenger at one event. In rally events, that's the opportunity to be the navigator one time. (The driver must always be either an Annual/Lifetime member or a Weekend Member.) After using the one-time-only Trial Membership, to be a passenger again at an autocross, a Weekend (or Annual/Lifetime) Membership is required. Likewise, to be a navigator again requires a Weekend (or Annual/Lifetime) Membership.

The per car rally entry fee has been raised from \$37 to \$40. SIR will continue offering the "pay to play" \$5 discount to those having run the previous rally in the year.

The autocross entry fee has also been raised from \$37 to \$40. New is the option for out-of-region entrants to pay a larger entry fee (an addition \$20, \$60 total entry fee) to have the same number of runs as SIR members with two bonus runs. SIR region members CANNOT pay the larger entry fee to have the extra runs. The ONLY way for SIR members to get those extra "bonus" runs is to work the corresponding patch party days.

As way of explanation, the autocross entry fees are structured to maintain our ability to muster a workforce for patching efforts. As the board explored alternatives, too often we noticed that any difference in the entry fee for the additional runs would be exceptionally tempting those we expect to help with our patching effort. Basically, those that autocross regularly with SIR. An additional \$50/event could have too many opting to buy the extra runs and not earn them. If we lose too much workforce, the work expected of the remaining workforce increases. That decreases the motivation to be in the workforce, and bang, boom, we no longer have the workforce needed to maintain autocross site.

The patch party days are open to all. Anyone working the appropriate patch party days earns the associated bonus run. SIR member or not. SCCA member or not.

We continue to offer a \$10 discount to students. We have discontinued the \$5 discount for multiple entries in the same household.

SIR members without FREE SCCA Annual Waivers using the event SpeedWaiver will be charged \$5 for each use of the event SpeedWaiver. That's a hint! Get your SCCA Annual Waiver.

These next screenshots are what you will see when you are entering an SIR autocross event.

This is on the advertisement page.

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for automotive enthusiasts. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
