September RE Report

The only thing hotter than the temperature outside was the tires this weekend at Lawrenceville, Illinois. We had our two-day autocross extravaganza, and it was filled with incredible driving and scorching times. Day one was a course "Head on Swivel" designed by Mackenzi Crowe. The name was very fitting as it had a full circle in the middle. I found myself turning my head more to see where the apex was and where I could bring the car tighter to the cones. Nathan Hagerott from the central Illinois area brought his Focus ST in HS class and put on a driving class. He made some incredible runs and had all of us at SIR chasing him. I managed to be the closest and even parked the car in the lights sideways on my last run, but I was still about 7 tenths behind for the day. Adam Deffenbaugh came in 3rd with an F Prepared Mazda. Then Paul Dornburg and Jon Schwartz rounded out the top 5.

Sunday was the Paul Dornburg Autocross named "WHOOPS!" I worked corner 3 and I can say it was appropriately named. LOL. There were several crap, oh no, whoops and a few I won't say. Paul used the first half of Mackenzi's course with minimal tweaks and then the back half was totally different. Some of our best times were 17 seconds faster than Saturday. It was wild to see how some changes made such a difference in time. I really enjoyed both courses as they had a good balance for all the cars. Our designers have really stepped up their game as we have had awesome courses all year.

We have one last autocross this year on September 20th and based on the standings the championship will be decided on that day. In years past sometimes the last event wasn't needed because someone had already wrapped it up. The last few years it has come down to the last race and sometimes last run. This speaks volumes about the amount of progress our club members have made and how much we have all improved. If you're not busy on the 20th even if you don't want to race you can come out and watch it play out or maybe take a ride with someone!!

We had our August Meeting at the Log Inn, and it was a success as usual with good food and great stories. We would love feedback on what folks would like to see for the awards banquet this year. I know there are some good ideas out there so bring them to me or anyone on the board. We have a couple meetings and that final points counting autocross before my next letter. Fun autocross is slated for October 4 this year at MAAC.

Stay cool and safe this week and I will see ya soon!!

TLDR

- If you are ordering anything from the Tire Rack, go to this [page](#) and click on the Tire Rack link. We get a commission on every sale that comes from our page when you start with the link on that page. It's free money to the club!
- The Rookie of the Year season started on July 1st. Rookies will now accumulate points for the year end reward at every SIR event.
- CLOKKR autocross results differ from the official results because the timing system computes things differently.
 - The "By PAX" tab results are the same as the published Autocross results. In the first column just move the decimal one spot to the right to get Autocross points.
 - The "By Time" results adds the quickest first heat time to the quickest second heat time. The published "Raw Times" results use the single quickest time for each driver for the event.
 - The "By Class" results differ from the published results because our Competition Regulations do not allow a class with a single driver. If there is one driver in a class, they are bumped to the next higher class with a similar index value. And Class results are awarded based on a driver's single quickest run. It is possible to rank higher in Autocross points but be lower in the official Class points.

Event Results

Points Autocross 5, Head on a Swivel by MacKenzi Crowe

MacKenzi laid out a course that had your “Head on a Swivel” as you tried to find the best line through the course. Times were in the 50-60 second range.

Visitor Nathan Hagerott in his H Street Ford Focus ST was the Autocross points winner. Jr. Crowe was second in autocross ponits followed by Adam Deffenbaugh, Paul Dornburg, and Jon Schwartz.

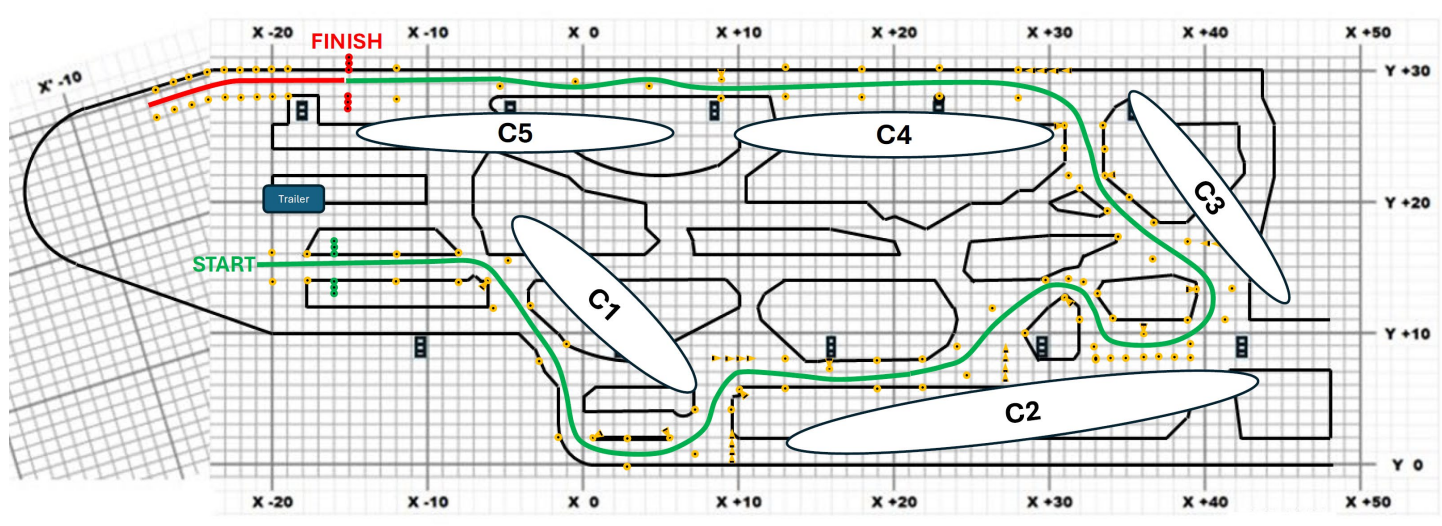

Points Autocross 6, WHOOPS! By Paul Dornburg

I used the beginning of MacKenzi's course and then opened up the last half to make a shorter course. It was some 17 seconds shorter for the quick drivers.

Sunday's autocross points looked much like Saturday's results as visiting Nathan Hagerott in his H Street Ford Focus ST used good runs to end up at the top of the list.

In raw time the top 5 were separated by less than half of a second!

Buy this 1973 911T Targa

I'm still trying to sell my 1973 911T. It includes all the parts I have in the garage and the trailer I've hauled it on for 30 years. Do you know how much stuff you can accumulate when building a car? \$49,995

Lots of pictures here. [1973 911T Targa](#)

I'll be driving it at Tri-State Speedway, on Sunday, September 6th if you want to see it in action.

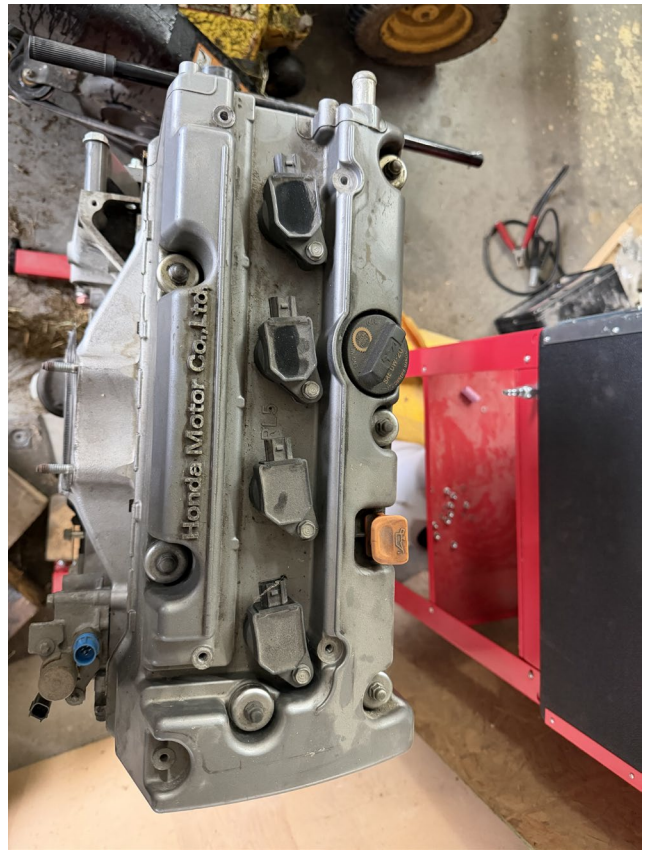

Dave Moody has an engine for sale. Still!

K24 Z3 engine from a 2012 Acura TSX. I purchased this a couple of years ago for an engine swap project, but I decided to go with a different combination, so it has just been sitting in my shop. Oil pump was removed to prepare a K20 oil pump swap.

Asking \$300. Give me a call or text me with any questions - 812-483-1377.

SPORTS CAR CLUB OF AMERICA

SCCA: A club with many interests

Many faceted in its endeavors, the Sports Car Club of America (SCCA) might best be described as a service organization. It serves over 50,000 members throughout the United States by sanctioning and administering a variety of automotive related activities through more than 115 independently chartered regions. No other single motor sports organization in the world conducts more events than the SCCA. These events range from amateur and professional road racing to road rallies, autocrosses, rally crosses, hill climbs and auto shows. The SCCA is an ever-growing organization for automotive enthusiasts. Because the SCCA is member oriented, the club stresses participation on a broad basis. Regardless of your experience or background, if you are an automotive enthusiast there is a place for you in the SCCA. The avenues available range from amateur or professional road race driver to weekend rally or autocross driver to race worker or official. In order to successfully sanction and conduct a comprehensive autocross/rally/road racing program many experts in timing and scoring, communications, safety inspection, medical, flagging, course/race control and other skills are needed. Schools are held to train drivers and workers and various degrees of licenses are awarded based on knowledge, ability, and experience.
