Notes: The times reflect any 2 second penalty per pylon; the pylon count is shown in the penalty column.

In instances where there would have been no times for the second set of runs because of DNF/DNS runs, times were created by adding 2 seconds to the competitor's slowest run time.

Where possible, DNF runs show the raw time.

Class results are by single best run. Autocross points are by indexing the combined best first heat run and the best second heat run.

B: Driver in SIR/SCCA bonus program. The driver's best three of four runs of each heat are shown in these results.

T: Trophy winner.
