Notes: The *Best Time* column lists the driver's single best run by corrected time (non-indexed). The runs are listed in the order the driver took them.

The *Time to First* column shows how far behind the driver's best time is from the best over-all time.

The *Interval* column shows how far behind the driver's best time is from the next best time.

A bonus-eligible driver's class results and autocross points runs reflect the application of the bonus program. (All runs may not be shown.)

The times reflect any 2 second penalty per pylon; the pylon count is shown in the penalty column.

Where possible, DNF/DSQ runs show the raw time.
