SIR Driver Meeting
Clokkr Timing System
Supplemental Information

Event timing information will be available through the Clokkr live timing system.
- Timing slips will not be distributed.
- Access your run's time shortly AFTER you finish the course using the "Run Ticker" option of the Live Event Results on the web-enabled device of your choice as described below.
- We will likely not be able to print results throughout the day.
- You have access to live timing information via the Clokkr system throughout the day.
- DO NOT monitor results or runtimes while you are to be working the course!
- SIR Class Results, Autocross Points, Best Runs, and Best Index Runs will continue to be posted on www.sirscca.org/autocross-event-results a day or so after each event.

SIR/SCCA Live Event Results
- QR code below with "L" in the center -- app.clokkr.com/results/SIRAutocross
- This links gets to the "current" event results. It's live timing information.
- This will be the same from SIR event to SIR event. Consider bookmarking this link.
- From the Clokkr top line menu:
  1) "Run Ticker" (on the right) shows the most 5 most recent run times. This will be the easiest way to see your just finished run…other than seeing it on the display.
  2) "By Time" shows drivers ordered by best total time (best first heat run + best second heat run).
     - It shows time from first (best of all) and from the previous next faster time.
  3) "By Class" shows class results – NOT SIR'S BUMP CLASSING.
     - The "score" value shown on these pages is WITHIN the class (IE fastest in each class has a score of 100. This is not the SIR Autocross Points value.
  4) "By PAX" shows drivers ordered by the "score" value which is roughly one tenth of the SIR Autocross Points.

SIR/SCCA Autocross Series Results
- QR code below with "S" in the center -- app.clokkr.com/results/series/SIRAutocross
- This link gets to a side-by-side display of our 2025 events results by class (not bump class).
- This will be the same link all year long.
